Sir,

A. LETTER OF APPRECIATION.

On behalf of the entire Diocese of Makeni in the North of Sierra Leone, The Catholic Education office in Makeni, The School's Management Committees (S.M.C., C.T.A. and Mother's club), Staff and pupils, Parents and the Sumbek Community that hosts the above school, I wish to express our sincere gratitude and thanks to ~~for~~ your Loving Brotherhood Agency for the marvelous work you have done in giving us a well rehabilitated school buildings.

We hope to maintain your good work by making the best uses of the buildings, with proper care and securing everything you have put in place for the welfare of our pupils and our Community. Your good work will ever remain in our minds.

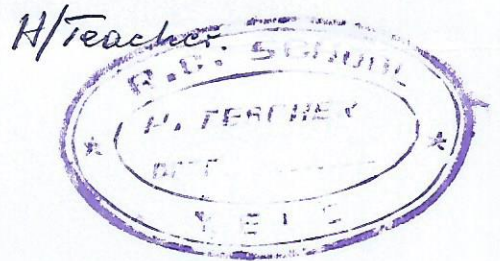

However, with the growing number of pupils, especially in the post Ebola era in our Community, the classrooms and furniture are growing smaller, due to the increase in roll in the school, moreover with the ^{hope} to establish a Pre-Primary school, the school

the Government, that every primary school should now start its own nursery school due to the growing number of under six years who approach us for admission every day.

We shall be most grateful if you could remember our school in any other venture like the provision of a new building with at least three classrooms and an office, placed to view the activities of each classroom. With the two classrooms to start the nursery school.

We do appreciate your work with many sincere thanks in advance.

Yours Sincerely,
Peter I. Koroma

Dear Sir,

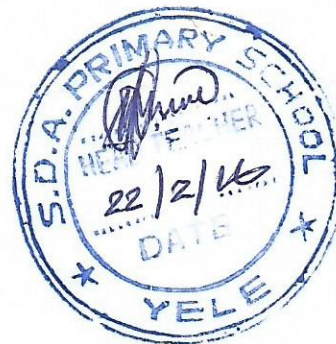

LETTER OF APPRECIATION

The staff, the proprietors, the pupils and the parents of the above named school, wishes to join hands and appreciate the wonderful and good work which you had rendered to us. By rehabilitating two structure buildings for us, and providing a newly built structure with furniture. It has taken many years without rehabilitating our school buildings. And these has even made the learning situation became unconductive for both the pupils and the teachers. Also we were having the problem of congested and overcrowding class rooms, because a school of two structure buildings cannot accommodate 530 pupils.

However, through your intervention and assessment of the school in 2010/2011 academic year and the approval of the project in 2014, all the problems highlighted above have been solved. Today we can now boast of having three beautiful and modern buildings. These have solved the problem of overcrowding in classrooms, and has made the learning environment become conducive for both teachers and pupils.

To crown it all, the school management committee (S.M.C), the staff and pupils of the S.D.A Primary School Yele wish to further thank the Director Action 4 School's Project for their good job. We hope and pray for the good relationship and the project to continue it good work. Because the school needs more good and better things for the development of education.

Thanks in advance

Yours faithfully,

William B. Conteh

Dear Sir/ Madam

LETTER OF APPRECIATION

We the authorities of the above named school started by writing the subject matter of this letter in the name of Allah the Merciful and the compassionate.

We thank all those who contributed their funds, efforts or one way another for us to achieve our success, strength, challenges and lesson learnt.

Sir/ Madam, with your effort to support our school in Yele has contributed immensely for our children to have quality academic performance in school.

There is an increase of pupil's attendance, retention of pupils and teachers in school because of having unique rehabilitated school in Yele. The school boost of having a conducive learning environment and a healthy hygiene toilet practice while in school and outside school environment with hand washing.

We shall be grateful to highlight what monitoring mechanism we can put in place to sustain and maintained the standard of rehabilitating the school, toilet and other services provided. The school management committee (SMC'S) Action 4 Schools staff, mothers club, student government, Teachers and Head teacher are all inductive.

Our objective is to ensure our pupils to have opportunity to learn through Action 4 Schools and improvement in teaching, learning and leadership.

We pray that God will continue to provide so your aim and objectives will be continued in supporting our school.

Thanks in anticipation

THE DIRECTOR,
ACTION 4 SCHOOLS
GIBRALTAR.

Dear Sir/Madam,

A LETTER OF APPRECIATION

We wish to express our delighted and sincerely greeting to you, which we hope it would be approved with greatest honour and nobility.

On the above subject matter, we wish to write and inform you that, your organisation in Gibraltar has done a tremendous work in our school. We also appreciate the effort of providing teaching and learning materials that has made our school to have quality education and improved standard of hygiene.

Special commendations goes to you and we pray that more will be provided for the children, more especially in building the capacity of teachers with teaching and learning materials.

On behalf of the teachers, parents and the children we promised what ever effort rendered to us will be maintained and monitored as a long time goal of the school.

We are requesting for more educational support of teaching materials and other developed facilities to enhance a 'bit' about it.

As the saying goes, educating our girl child in school, is our old age Osusu.

Thanks and appreciation goes to you and all those who donated their funds in Action 4 Schools.

Thanks in respect.

Yours faithfully,
Abu Bakari Bangura,
Head teacher.
